

UNIVERSITY of HOUSTON

College of Natural Sciences and Mathematics
Department of Mathematics

May 23, 2024

To Whom It May Concern:

I am William Ott, Professor of Mathematics at the University of Houston. Hossien Sahebame was a student in the graduate-level mathematics course that I taught at the University of Houston over the spring semester of 2024. This course was Math 6397 and was entitled Applied and Computational Topology. Hossien completed Math 6397 (Applied and Computational Topology) and earned a letter grade of A.

Sincerely,

William Ott
