Comment Section (42 comments)

Q: What parts of the course helped you learn?

- 1 The office hours helped a lot.
- 2 Notes were always available
- 3 It was straight forward.
- 4 Revising the note pages and the videos played a key part in my learning.
- 5 He has very helpful voice overs and quick email replies.
- 6 lectures being posted as well as videos from the professor
- 7 the videos he made for his lectures
- 8 The examples given were very useful to understand the theory
- 9 Voice over notes

Q: What specific recommendations do you have to improve this course?

- 1 Just more feedback on assignments or exams.
- 2 Clearer notes, check emails, check homeworks if the questions are correct
- 3 More clarity on assignments
- 4 None
- 5 N/A
- 6 hosting a lecture online
- 7 just stay up to date
- 8 A meeting for questions online once a week
- 9 None

Q: Which topic was the most challenging for you to learn and why?

- 1 N/A
- 2 none
- 3 Maybe the Trig inequalities
- 4 Unit 4 felt the most challenging
- 5 N/A
- 6 graphing
- 7 all the sin cos tan were a bit tricky
- 8 None
- 9 Verifying

Q: Are there additional resources that could have helped you in this course (if so, please give examples)?

1 N/A

2 More organization in the class, notes, homeworks, etc.

3 Maybe more videos lectures.

4 I felt satisfied with the resources provided

5 N/A

6 no

7 no

8 No

9 N/a

Q: Additional Comments:

1 The professor was amazing, and I appreciated the time he took during office hours to help me through this course.

2 This professor has multiple mistakes in typing correct multiple parts of multiple homeworks. He does not reply fast the emails.
His notes are kinda hard to understand

3 He was pretty good

4 N/A

5 instructor is available for help which is nice, but there are way to many emails. I get the exact same email 5 times a day from this professor.

6 no
